PENTHEON

THE NEW SUPERIOR PENTHEON SERIES UNRESTRAINED PERFORMANCE FOR YOUR MISSION

Working under pressure, in a race against the clock, first responders need equipment they can fully rely on. It is for these men and women that we have developed our new Pentheon Series: High-tech rescue tools that are miles ahead of all other equipment on the market, cordless and hose tools alike.

USER CENTERED DESIGN BATTERY MANAGEMENT MADE EASY

What if battery management could be made as simple as just plugging it in? Well, that's exactly what we have done!

FROM THE DESKS OF THE EXECUTIVE

From the Desk of the President

From the desk of the President

Hello to all, I hope all is well with each Squad. Sure has been busy up here in these parts.

Thanks to all the squads and Venders for coming to the 2023 Conference. It was great to see everybody there. I hope you got the training you needed there. If you want to see something different or have a class let an officer know.

At this time of my writing, I guess you all have seen a press by myself concerning a search in Barbour County. It was met with a Non-affiliated squad showing up on the scene and was asked to leave. They in turn did their own release that was not true. Since the press release of ours it has now seems to be resolved. Please use careful and tactful communications to avoid a confrontation. We are there for the people that has called us.

Looking forward to serving you again for another year. As you know this will be my last year as President. I have always put the office in high regards. We are looking forward to getting the Microsoft software out as soon as possible when it is made available to us.

We will be working the state house again when it goes back in session in February. Hopefully, it will be a good session. Mr. Wood, Mr. Lonney and myself will be there.

*RECRUIT * RECRUIT* RECRUIT*

This is AARS Membership Committee's goal for 2024.

We have 16 Counties out of 67 that do not have a Rescue Squad in their County. The Membership Committee Members and myself as Chairperson will be contacting squads in counties that once served and the Community, Town, City or County to recruit new squads for potential members.

AARS is your Association, so Let's go to work and make The Alabama Association of Rescue Squads the Best We Can Be!!

See y'all at the 1st quarterly in Childersburg on the 17th of February. Stay safe and be prepared for any emergency. Call me if needed.....

Chauncey Wood

1st VP

From the Desk of the 2nd Vice President

Hello All AARS Members,

As we start into a new year I wish to thank all for your support and trust in allowing me to serve as your 2VP for another term.

Your trust and confidence in me are invaluable to me!

I am committed to devoting more time and energy to all the squads and achieving the continuance of the training and education programs for all AARS squads and members. The monthly training initiative is in full swing and our first training event took place in January, and our second training event is taking place in February. We are working to provide some much needed training in all three areas of the state on a monthly basis. At present the state has been set up with three sectors of training regions. The north section will be controlled by Tina Baxter of Athens Limestone, the northern coordinator. The central section will be controlled by Jim Dennis of Childersburg the central and state training coordinator. The southern region will be coordinated by Susan Baxter of LASAR, the southern training coordinator. These individuals are here to assist all AARS squads with hosting and acquiring training events in their respective areas of the state. These individuals will help any squad to obtain any needed training event and assist you with equipment and instructors for needed training classes. Please get with these individuals and volunteer to host training at your location to become a viable part to make the training program a beneficial tool and a successful venture for the entire state!

Again, I offer my support and ability to the entire organization for training and to assist with needed educational events for all members. If you have a suggestion for a training evolution for your squad, please let me know. Any suggestions for our 2024 annual Conference please let me know early. Time is needed to schedule good classes for the annual conference, and your suggestions are greatly appreciated.

Ray Hogans

AARS 2nd VP
